

StealthWave™ Antennas

Perfect Disguise in VHF, UHF & 700/800 MHz

Sinclair's StealthWave™ Antennas

The StealthWave™ is Sinclair's latest disguised antenna specifically designed to fit vehicles of any size, make and model. The unique modular design integrates all components into a compact 2"x 3" (5.1 x 7.6 cm) waterproof housing. These adaptable antennas are universally mounted with ease, completely hidden from sight. A fine-tuning adjustment permits performance optimization during installation thus eliminating the need to cut cables.

The StealthWave™ has been successfully road tested and found to perform as well as any VHF ½ wave-length fender mounted antenna.

Advantages

Compared to other disguised antennas such as AM/FM aerials, glass-mount cellulators and in-cabin mounts, Sinclair's StealthWave™ antennas offer the following advantages:

- **Dual Unit Version:** Dual antenna systems provide enhanced Omni coverage.
- **Minimum RF Exposure:** Since the antenna is mounted outside the cab of the vehicle, RF exposure to the occupants is minimized.
- **Universal Configuration:** Modular design and universal mount enables the StealthWave™ to fit in a variety of vehicles. Easy fine-tuning during installation helps achieve optimum performance in a wide range of vehicles.
- **Perfectly Disguised:** Unique design provides ultimate concealment without compromising vehicular safety.

StealthWave™ VHF, UHF and 700/800 MHz Series

Dual unit versions providing enhanced omni coverage are also available.

Model Number	Frequency (MHz)	Bandwidth, Min-Max (MHz)	Connector	Power (Watts)	Length Inches(mm)	Gain (dBd)
VHF						
SHA211-SF1SNM	138 - 150	3 - 24	N (male)	50	28 (711)	Unity
SHA211-SF2SNM	150- 174	3 - 24	N (male)	50	28 (711)	Unity
UHF						
SHA311-SF1SNM	380 - 430	20 - 50	N (male)	50	19 (490)	Unity
SHA311-SF2SNM	430 - 470	20 - 40	N (male)	50	19 (490)	Unity
SHA311-SF3SNM	470 - 512	20 - 42	N (male)	50	19 (490)	Unity
800 MHz						
SHA411-SF1SNM	746 - 806	60 - 80	N (male)	50	8 (203)	Unity
SHA411-SF2SNM	806 - 869	63 - 80	N (male)	50	8 (203)	Unity

Notes:

- Bandwidth is dependent upon the type of vehicle and mounting position.
- Mounting kit, weatherproofing kit and coaxial cable included.
- Each antenna comes with a N male connector attached to the input cable.
- Also included with every StealthWave™, 3 separate connectors: 1 N male, 1 UHF male and 1 Mini UHF male.
